THE HABITS OF STRESS-RESILIENT PEOPLE

CORPUS CHRISTI: Thursday, June 8

MCALLEN: Friday, June 9

A New 6-Hour Seminar for Health Professionals, Spring, 2017 \$79

THE HABITS OF STRESS-RESILIENT PEOPLE

A 6-Hour Seminar for Health Professionals

Schedule: Check in: 8:15-9 AM, program starts: 9 AM, lunch (on own): 11:30 AM, Q&A and discussion with instructor: 12-12:30 PM, lecture resumes: 12:30 PM, adjournment: 4 PM. Please register early and arrive before the start time. Space is limited.

Group Registrations: Rates apply for 3 or more pre-registered guests enrolling together. Please complete a separate registration form for each person. Members of a group can attend on different dates.

Confirmation Notices and Certificates of Completion: We will confirm your registration by email or by letter. Please attend even if you do not receive a confirmation. Registrants are responsible for parking fees, if any. Successful completion includes full attendance and submission of the evaluation form. No partial credit will be given. Certificates of completion are provided at the time of adjournment.

Transfers and Cancellations: Registrants can transfer to another seminar if space is available. Registrants canceling up to 48 hours before a seminar will receive a tuition refund less a \$15 administrative fee, an audio CD or DVD recording of the seminar with the instructional outline, if available, or if requested, a full-value voucher good for one year, for a future seminar. In the unlikely event that the seminar cannot be held (e.g., an act of God), registrants will receive free admission to a rescheduled seminar or a full-value voucher, good for one year, for a future seminar. All requests must be made in writing or online. No IBP program has ever been cancelled as the result of low attendance. We anticipate that participants will have desks at most locations.

Customer Service: Call 888-202-2938 to ask about course content, instructors, request accommodations for disability, submit a formal grievance, or remove your name from a list. For other questions, call 866-652-7414.

Institute for Brain Potential: We are the leading provider of accredited programs on the brain and behavioral sciences. Our non-profit organization (tax ID 77-0026830) has presented cost-effective, informative and practical seminars by outstanding speakers since 1984.

THE HABITS OF STRESS-RESILIENT PEOPLE

NURSES: Institute for Brain Potential (IBP) is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

IBP is awarded "accreditation with distinction," the highest recognition awarded by the ANCC.

This program provides 6 contact hours for nurses.

PSYCHOLOGISTS, COUNSELORS, SOCIAL WORKERS, & MFTs: IBP is approved by the American Psychological Association to sponsor continuing education for psychologists. IBP maintains responsibility for this program and its content. This program provides 6 CE credits. IBP, provider 1160, is approved as a provider for continuing education by the Association of Social Work Boards (ASWB), 400 South Ridge Parkway, Suite B, Culpeper, VA 22701. www.aswb.org. ASWB Approval Period: 11/11/2014 – 11/11/2017. Social workers should contact their regulatory board to determine course approval. Social workers will receive 6 clinical continuing education clock hours for participating in this intermediate-level course. IBP is approved as a CE Sponsor by the TX State Board of Examiners of Marriage & Family Therapists, Provider #830. This program is 6 clock hours.

SUBSTANCE ABUSE PROFESSIONALS: IBP is approved as a provider of continuing education by TCBAF Standards Committee, Provider No. 1816-09. IBP is approved by the NAADAC Approved Education Provider Program, Provider #102949. This program provides 6 continuing education hours (CEHs).

PHARMACISTS AND PHARMACY TECHNICIANS: IBP is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This knowledge-based activity provides 6 contact hours (6 CEUs). UANs: 0492-0000-15-015-L04-P and 0492-0000-15-015-L04-T

DENTAL PROFESSIONALS: IBP is designated as an Approved PACE Program Provider by the Academy of General Dentistry (AGD). The formal continuing dental education programs of this provider are accepted by the AGD for Fellowship/Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement. The current term of approval extends from 12/01/14 – 11/30/18. Provider ID# 312413. Subject Code: 557. This program is 6 CE hours.

OCCUPATIONAL THERAPISTS: IBP is an American Occupational Therapy Association (AOTA) Approved Provider, #6050. The assignment of AOTA CEUs does not imply endorsement of specific course content, products, or clinical procedures by AOTA. This program provides 0.6 AOTA CEUs or 6 contact hours. Content Level: Intermediate. Content Focus: Domain of OT (Areas of Occupation and Performance Patterns) and Occupational Therapy Process (Intervention).

NURSING HOME ADMINISTRATORS: IBP is a Certified Sponsor of professional continuing education with the NAB and has approved this program for 6 clock hours under its sponsor agreement with NAB/NCERS. State licensure boards, however, have final authority on the acceptance of individual courses.

PHYSICAL THERAPISTS: This program has been approved by the Texas Physical Therapy Association (TPTA) for 6 Continuing Competence Units (CCUs).

SPEECH-LANGUAGE PATHOLOGISTS: This program is designed to meet the needs of speech-language pathologists in TX. Participants will receive a certificate of completion.

MASSAGE THERAPISTS: IBP is a TX Department of State Health Services approved provider of CE for massage therapists, #CE1762. This course provides 6 CE hours. IBP is approved by NCBTMB as a CE Approved Provider, #450939-09. This course provides NCBTMB-approved 6 CE hours.

CASE MANAGERS: This program has been pre-approved by the Commission for Case Manager Certification to provide 6 CE contact hours to CCM® board certified case managers.

DIETITIANS: IBP is a Continuing Professional Education (CPE) Accredited Provider with the Commission on Dietetic Registration (CDR). Registered dietitians (RDs) and dietetic technicians, registered (DTRs) will receive 6 continuing professional education units (CPEUs) for completion of this program. Continuing Professional Education Provider Accreditation does not constitute endorsement by CDR of a provider, program, or materials. Provider Number: BP001. CPE Level: I. Suggested Learning Codes: 2110, 3080, 4040, and 5370.

EDUCATORS: IBP is approved as a provider of continuing education by the TX Education Agency, CPE#501659. This program provides 7.5 CPEs of professional development in TX.

In this new program, learn to protect the brain and body from the toxic effects of stress and cortisol by developing a stress-resilient mindset.

Learn how stress-resilient people manage cravings, reduce fear and anxiety, elevate mood and experience positive states.

Health professionals in medical, dental, and behavioral settings completing this practical 6-hour program should be able to identify one or more habits that:

- 1. Protect the brain and body from toxic effects of stress and cortisol,*
- 2. Manage stress-related cravings,*
- 3. Overcome fears or generalized anxiety,*
- 4. Produce positive moods, and*
- 5. Experience calm, mindfulness, meaning and happiness.*

Understanding Stress Resilience

- **Stress-Resilient Mindset:** viewing stressors as challenges rather than as threats by turning off the adrenal "fight-or-flight" response and the cortisol "worry" response.
- **Stress-Resilient Brain:** protecting short-term memory and the hippocampus; reducing emotional threats and the amygdala; preventing confusion, anxiety and mood swings and the prefrontal cortex.
- **Stress-Resilient Body:** preventing immune suppression, chronic inflammation, and metabolic syndrome.

Habits that Control Cravings

- **Understanding Cravings:** comfort foods, alcohol, nicotine and illicit substances all involve dopamine, reward expectation, and the habit brain.
- **Stress-Related Appetite:** caloric-dense comfort foods reduce stress by temporarily lowering cortisol; developing the habit of reward substitution.
- **Retrain and Restrain:** teaching the habit brain to delay immediate gratification by engaging the slower wisdom of the prefrontal cortex.

Habits that Reduce Fear and Anxiety

- **Fearful Brain, Anxious Brain:** traumatic events are stored as emotional memories in the amygdala, part of the habit brain; anxiety-evoking events are organized in frontal and limbic areas and have to do with how we imagine the future.
- **Curbing Fear-Based Habits:** confronting rather than avoiding fear-related situations; why exposure-based therapy is highly successful; how resilient people cope with trauma and PTSD.
- **Curbing Anxiety-Based Habits:** overcoming the habit of "what if" thinking by analyzing "what is" and reframing thoughts to calm the overactive brain.

Habits that Elevate Mood

- **Depression-Resistant Mindset:** how mood can be elevated by the learning to manage expectations.
- **Identifying Mood Triggers:** ways to increase predictability and control; replacing toxic thoughts with realistic ones.
- **Effective Coping Habits:** ways to curtail rumination and activities that sustain positive habits.
- **Acquired Optimism:** more than a reasoned response, optimism can become an automatic way of thinking about the future.
- **Burnout Protection:** the numbing and distancing effects of burnout can be reversed by identifying, "What did I learn about myself?" to change how we think, act, and work.
- **Balancing Both Energizing and Relaxing Habits:** energy is increased by relaxation, restorative sleep, and the right dose of physical activity.

Practicing Positive Psychology and Mindfulness

- **Happy Brain, Healthy Brain:** happiness is more than the absence of stress, anxiety, or sadness; happiness involves activation of brain systems that increase satisfaction and enhance meaning.
- **Practicing Positive Psychology—What Happy People Do:** it is not the motivation to become happier but the practice of happiness-enhancing experiences that lead to meaningful change.
- **Choosing To Be Happy Instead of Being Right:** keys to maintaining close relationships.
- **The Healing Power of Accepting What Is Unlikely To Change:** accepting limitations in others and self; overcoming the pathology of perfectionism.
- **Humor and Laughter:** practicing the stress-reducing power of humor to make difficult situations more enjoyable.
- **Mindfulness:** calming the mind by attending to the present; witnessing our thoughts without judging them.
- **Mindful Listening:** helping people feel truly heard to reduce anger, anxiety, and resolve conflicts in close relationships.
- **Keys To Developing Sustainable Stress-Resilient Habits:** step-by-step guidelines for practicing stress-resilient habits; viewing stressors as positive challenges with optimism, gratitude and commitment.

ABOUT THE INSTRUCTOR

John D. Preston, Psy.D., ABPP, is Professor at Alliant International University, and has been Associate Clinical Professor at UC Davis. A Board Certified Neuropsychologist, he is the author of numerous texts concerning brain and behavior including Handbook of Clinical Psychopharmacology, and is co-editor of Empirically Validated Approaches to Psychotherapy. Dr. Preston received the Mental Health Association's President's Award for exceptional contributions to the mental health community.

An outstanding and inspiring speaker, Dr. Preston has given over 500 invited seminars to health professionals in North America and abroad. Participants commend his ability to communicate key insights and practical information with clarity, enthusiasm and warmth.

In addition to Q & A sessions in class, Dr. Preston will answer your questions during the second half of the lunch break and by email after the program concludes.
